Think about the words Motorcycle Club! Why is it that when those words are heard together many think Crime or Criminal Organization? Say you are having an event and you are looking for a place to have it. You can have a book club and everyone will welcome you in! A cooking club and everyone really loves you. You say Motorcycle Club and right away its, Sorry we are busy on that day!

Think about the words Motorcycle Club! Why is it that when those words are heard together many think Crime or Criminal Organization? Say you are having an event and you are looking for a place to have it. You can have a book club and everyone will welcome you in! A cooking club and everyone really loves you. You say Motorcycle Club and right away its, Sorry we are busy on that day!

Motorcycle Clubs are even turned away from bars where they want to have events by Independent Bikers, Why is that? We need to let the world know that Bikers independent or in a Motorcycle Club can be good people! We can not show people that Motorcycle Club Members are not all bad if we are not allowed in a Bar because we are wearing Colors, Its the same thing if you are an independent biker and some one will not let you in some sports bar because you are wearing a leather jacket! I hope when an independent Biker who has turned away Motorcycle Clubs from his bar and is then turned away from a bar he wants to go in Understands the irony!

Some Motorcycle Clubs have even gone so far as to changed their name, they call themselves Riding Clubs, Motorcycle associations or some other type of group so they can leave out the words Motorcycle Club! and try to avoid the problems that come with being part of a Motorcycle Club! They say they are different from a Motorcycle Club ! They look and dress and act just like a motorcycle Club but they just call themselves something different! I say a rose by any other name !!!

These Clubs are just trying to get around all the prejudice associated with the words Motorcycle Club ! They are not part of the solution but are part of the problem! This is America and You can call your Club what ever you want, But the thing that unites you and your Club is the same thing that unites all who Ride! It is the Motorcycle! How can anyone leave out the word Motorcycle? It is the heart of what you are!

If You are a Motorcycle Club be proud of it and don't try to get around any problems by playing word games and calling yourself something else by using different words!!! This is just my opinion I would like to know what others think, Please email me at AmericanBikerX@Yahoo.com
